

You live with risk— but you don't have to gamble the farm away

Now you can take charge of your future with the help of a new DVD developed by university and USDA educators and industry leaders with a commitment to the success and profitability of the United States dairy industry.

Dairy Risk Management: Take Charge of Your Future examines six different types of risk dairy producers confront everyday. We've gathered insights and concerns about dairy operations through conversations with four top dairy producers from across the United States. Start now to think about risk management as a key element of the new ballgame in agriculture—a game you can win.

Dairy Risk Management: Take Charge of Your Future retails for \$25 plus shipping and handling. To order, call toll-free 1-877-WIS-PUBS (947-7827) or send us a fax at 414-389-9130.
